

# CST : MFL

## SUBJECT SAINT: ST JEROME

**Preferential  
Option for the  
Poor**

MFL helps our pupils understand how poverty, inequality, and environmental concerns affect people in French / German and Spanish-speaking countries. In the GCSE curriculum we discuss poverty and voluntary work in the future. Pupils learn how to talk about which issues are worrying to them and why it is important to help others. We support pupils to take action to do charity work and think of others before themselves.

**The Common  
Good**

We encourage pupils to express their opinions as well as listen and respect one another.  
We teach the pupils to learn to listen and value all opinions.

**Care for  
Creation**

We discuss environmental and global issues in our GCSE curriculum and how we can combat these. We talk about the importance of caring for the world and how our actions can have an impact on global problems.

**Sanctity  
of Life**

MFL equips students with the language skills to engage in meaningful conversations with people from diverse backgrounds. We discuss relationships, both familial and amicable.

**Solidarity**

MFL enables students to learn about different cultures, languages, and perspectives, fostering empathy and understanding. We celebrate diversity and cultural backgrounds in our day to day lessons.  
We also raise awareness about charity work and how Fair Trade can improve the life of farmers in the developing world.

**Rights and  
Responsibilities**

We talk about our responsibility and rights in a school environment.  
We also talk about the environment and what we can do in order to protect the environment.

**Dignity of  
Work**

We value equality in work and respect that everyone plays an equal part in our world. We teach pupils how to talk about jobs and what different types of jobs entail. We also discuss with the pupils how learning languages will help with their future careers.
